Backend: Node.js, Express.js, REST APIs, Authentication & Authorization, JWT

Databases & ORM: PostgreSQL, MongoDB, Prisma ORM, Supabase

Engineering: Git, GitHub, GitLab, Linux, Nginx, PM2, Server Deployment

Tools: Postman, VS Code, Jira, Trello, Figma

EXPERIENCE

Topspot Media

Jul. 2026 – Present

Full Stack Developer | Lahore, Pakistan

- Independently architect, build, and deploy production platforms including BooksReading and The Science Pulse.
- Develop responsive React/Next.js interfaces, backend APIs, authentication, and PostgreSQL/Prisma integrations.
- Implement e-commerce workflows, custom CMS features, and administrative dashboards.
- Deploy and maintain applications on Ubuntu using Nginx, PM2, and SSL configuration.
- Troubleshoot production builds, API errors, database connections, and server issues.

Shayan Solutions

Dec. 2025 – Jun. 2026

Full Stack MERN Developer | Lahore, Pakistan

- Developed React/Next.js interfaces and Node.js/Express APIs for SaaS and dashboard applications.
- Implemented role-based access, reusable components, and integrated frontend/backend workflows.
- Developed responsive components using TypeScript and Tailwind CSS for product workflows.
- Collaborated with team members to improve usability, performance, and maintainability.

Crective

Oct. 2024 – Nov. 2025

Software Engineer | Lahore, Pakistan

- Built React and Node.js web applications, responsive dashboards, and API-driven features.
- Integrated REST APIs and improved frontend workflows for performance and usability.
- Collaborated with cross-functional teams to deliver maintainable application features.

Tekbex

Apr. 2024 – Sep. 2024

Frontend Developer Intern (Part-Time) | Lahore, Pakistan

- Built responsive React/Next.js interfaces using reusable components and Tailwind CSS.
- Integrated APIs and collaborated with designers and backend developers.

PROJECTS

BooksReading (E-commerce) | booksreading.com | Next.js, TypeScript, PostgreSQL, Prisma, Stripe

- Sole developer of a production bookstore with customer, seller, and admin workflows.
- Integrated Stripe payments and webhooks, role-based access, book management, coupons, and orders.
- Designed PostgreSQL/Prisma workflows and managed Linux, Nginx, and PM2 deployment.

The Science Pulse (Healthcare Media) | thesciencepulse.com | Next.js, PostgreSQL, Prisma

- Independently built a science news platform with custom CMS, media publishing, and analytics.
- Built article publishing, media management, dashboard analytics, and doctor consultation workflows.
- Integrated PostgreSQL/Prisma and managed production deployment with Nginx, PM2, and SSL.

Sprixle (HealthTech) | sprixle.com | Next.js, Node.js, Supabase

- Developed mental wellness journaling features and therapist dashboards with reusable UI components.
- Implemented role-based authentication and integrated backend API workflows with the team.

Fortix AI | fortixai.com | React.js, Node.js, Express.js

- Developed monitoring dashboards and alert management interfaces for video-intelligence workflows.
- Integrated backend services and optimized responsive frontend performance.

EDUCATION

Government College University Faisalabad (GCUF)

Aug. 2020 – Sep. 2024

Bachelor of Science in Computer Science

Faisalabad, Pakistan
